## GOT A SHOTGUN.

Charles Calvert and Son of Orangeburg Threaten to Exterminate the Roes.

There came very near being a wholesale killing at Orangeburg Thursday afternoon. It was all caused by a small piece of steam pipe.

Thursday morning Messrs. R. A. George and James A. Roe came to Maysville and purchased a small piece of steam pipe that was needed on a threshing engine.

Strange to say, Chas. Calvert and son did the very same thing, and on their way home they lost the piece of pipe, not noticing its loss, however, until they reached home.

They started back to try to find it and came across Messrs. Roe's piece, took it home and laid it on the stonewall in front of their house.

When Mr. Roe missed his piece of pipe he started to locate it, found it on the wall in front of Calvert's and started to take it, whereupon Calvert pulled the old family double-barreled shotgun to prevent the piece's departure, but Mr. Roe resisted in the face of the gun, and took the pipe.

Here friends interfered, or there would have probably been a killing, and it is thought that there will yet be trouble over it.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARLE, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by J. Jas. Wood &amp; Son, Druggists.

## THE CAKEWALK!

A First-Class Entertainment at the Opera-House.

## CHAS. BARNES TOOK THE CAKE.

Washington Opera-house was comfortably filled last night with an audience longing to see a real cakewalk, or colored people walk for a cake.

And the audience was not disappointed, as they saw about as good cakewalkers as could have been gotten together.

For some time about twenty colored people of the younger generation have been rehearsing for an entertainment for the benefit of the new Opera-house, that class of people desiring to be represented in a substantial way in the aiding of paying the debt on the beautiful playhouse.

The balcony was reserved for the colored people, and they were out in goodly numbers, and showed their appreciation by loudly applauding those on the stage.

The program opened with "Scenes on the Old Plantation Before de Wah" by the entire company, and it was so real that we almost forgot there had been a war, and that the colored people were yet "on the old plantation."

Andrew Sanders in buck and wing dancing was the real thing, being about as good as can be seen on the stage.

"Happy Days on the Mississippi" was another good take-off, well rendered and full of funny scenes by the company.

But the star of the evening was Charles Barnes. He made a hit at the start by singing "Make That Black Gal Mine," and from that time until the close he was in the push.

"Look On Me, Oh, Babe!" by George Morton was a catchy song well rendered.

Prof. Clarence Jackson sang "Just as the Tide Went Out." This is a beautiful song, and Clarence is one of the best singers in the city, last night being his first appearance before a large audience, and he had a case of stage fright that made him almost forget how to sing. But Clarence is a singer, nevertheless, and he did well.

Little Miss Bertha Coleman attracted much attention by her graceful dancing.

But the cakewalk was the center of attraction, and it was all right.

The following are those who took part in it: John Peyton and Little Miss Bertha Coleman were the leaders. Frank Randolph and Julia Atkinson. John Gordon and Addie Shephard. James Wood and Florence Jackson. Charles Barnes and Bessie Jackson. John Spencer and Wai Johnson. John Clayton and Ed. Gordon.

After a hot contest, the awarding of the cake was to be decided between Charles Barnes and Bessie Jackson and Frank Randolph and Julia Atkinson, and it was not an easy matter, as all four had come up to the scratch neck and neck. After several more trials, it was finally given to Barnes and his partner, Randolph getting second prize.

Messrs. Willie Sanford, Ed. Harris, John Hopper, Herbie Pearl and Charlie Lewis, together with those named above, made up the company, and they deserve a great deal of credit for the entertainment.

The gross receipts were nearly \$130, a neat sum for a worthy cause, and the Managers of the Opera-house return sincere thanks to those who had in their charge the success of the entertainment.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drugstore there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by J. Jas. Wood &amp; Son, Druggists.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## Carpets for SPRING

We have the exclusive control here of a large manufacturer's output, embracing fully one hundred different patterns in Tapestries, Brussels, Moquettes, Velvets and Ingrains. After long and careful consideration we have adopted this method of Carpet selling for two reasons. First, we can give you a selection in point of quantity, quality and artistic designing the Cincinnati markets cannot rival, an impossibility under other conditions, as we have not the room to carry such an enormous stock as our selection line represents. Secondly, we can sell cheaper, much cheaper, than under the old method, as the factory carries our stock for us, and we need keep no reckoning of profit-clipping, remnants and unpopular patterns. Entering upon this different arrangement in our Carpet business there are three points in which we determine to excel:

PRIVATE PATTERNS,  
HIGH-GRADE GOODS AT LOW PRICES  
CARPET MAKING.

Think over what this means. First, you need not cover your floor with hackneyed patterns. On the contrary exclusive and fresh designs are at your disposal. Second, you need pay no more for the uglier than poorer grades sold elsewhere. Third, when the carpet making is entrusted to us we will have all carpets machine-stitched: bordered carpets will be faultlessly mitered and sized. No ripped seams, no puckered corners, the cost no more. We solicit your patronage on this basis. Orders can be filled within twenty-four hours. Come in and look over our line.
